## Announcing 2013 Online Career Fair Schedule

**Our virtual career fairs let businesses connect to qualified workers with disabilities**

Following the success of last month's first virtual career fair, which brought 26 recruiters together to connect with 154 attending job seekers with disabilities and facilitated 326 conversations between job candidates and employers, we're busy planning for next year. TBTL will host four events in 2013, using the platform powered by our partners at Brazen Careerist. The events, which are all scheduled on Tuesday afternoons at 1:00 pm ET, will take place on the following dates: March 5, May 21, July 30 and October 22. Online registration information for both businesses and job seekers will be available the first week of December. Please email Laura Wilhelm ([laura.wilhelm@thinkbeyondthelabel.com](mailto:laura.wilhelm@thinkbeyondthelabel.com)) for more information.

## Meet Our Newest Partner: CH2M Hill

**Global engineering consultancy CH2M Hill is the latest addition to the TBTL network**

CH2M Hill, whose work includes engineering, consulting, design, program management, construction and operations, is the newest business partnering with Think Beyond the Label to ensure greater employment opportunities for workers with disabilities. Through this partnership TBTL will help CH2M Hill, already a leader in diversity hiring, expand their recruitment pool to include more qualified job candidates with disabilities and build awareness for the company's disability hiring efforts. In addition, CH2M Hill is featuring their career opportunities directly to TBTL job seekers on the [Think Beyond the Label jobs portal](#) and through the TBTL social channels. Check out [CH2M Hill's current list of job openings!](#)

## TBTL In the News: HuffPo and Fast Company

### TBTL Principal Barbara Otto sounds off around disability hiring issues

Think Beyond the Label is seen as a thought leader around disability hiring. Our most recent mention is in the [December 2012/January 2013 issue of \*Fast Company\*](#), where TBTL principal Barbara Otto gives tips on how businesses can hire more people with disabilities. She also wrote a column in Huffington Post, [A Modern Approach to Hiring](#). And [Employment Law Daily](#) quotes Otto in a recent discussion around corporate investment in disability recruiting.
